

**THE  
IMAGING**  
SOLUTIONS COMPANY™

Maximize the revenue potential of your organization, while lowering your total cost of ownership

### What Does Platinum Certified Mean?

Platinum Certified product means you receive a system as a complete turnkey solution that includes the following:

- Fully Reconditioned Equipment that Strictly Adheres to our ISO 13485 Certified Processes
- Site Planning and CAD Installation drawings when need based on modality
- Ongoing Consultation with Your Architect and General Contractor for Your Imaging Suite
- Shipping & Delivery
- Standard Rigging and Installation
- Clinical Applications Training for Your Staff
- Full One-Year Warranty

### Platinum Certified Pre-Owned CT, MRI & PET/CT Systems

Our CT, MRI & PET/CT Platinum Certified units go through a 100-point refurbishment process and carry a full one-year warranty. The Platinum Certified units will allow you to upgrade your current imaging capabilities with increased image quality, speed of acquisition, patient safety and ultimately, increased patient and user satisfaction.

### Platinum Certified Pre-Owned Ultrasound

These Certified Pre-Owned Ultrasound Systems go through a rigorous evaluation and our ISO certified reconditioning process.

## Mobile Trailers

**MXR Imaging's Platinum Certified systems encompass both fixed site and mobile purchases including the trailer, and come with a standard one year warranty.**

Our extensive fleet of mobile MRI Systems is available for you to continue serving your patients during the build-out of your imaging suite or while you are upgrading your MRI. We provide a complete, stand-alone unit shipped to your facility for the required period of time to provide uninterrupted patient scanning.

The Mobile Imaging Trailers are insulated, self-contained units which enables them to operate adjacent to your facility in hot or cold climates. In order to enable a larger working environment, we offer extra-large 12' x 60' coach trailers.

## Buy, Sell and Build Mobile Systems

We buy, sell and build reconditioned medical imaging equipment including Siemens, GE, Philips, and Canon. Our services include consultation, trade-ins, site planning, installation, de-installation, financing, training, evaluation and more.

Is there something you need that we don't have in our fleet? No worries! MXR Imaging can deliver a custom built mobile solution tailored to your needs.

## Parts

MXR Imaging sells pre-owned and reconditioned parts for your Magnetic Resonance unit. Our MRI parts provide you with a high quality, low-cost alternative to the OEM.

**ISO Certified**

## Installation and Relocation

MXR Imaging can efficiently and effectively de-install, transport, and re-install, your MRI units. We collaborate with your architect or project manager to plan necessary construction to achieve your ideal imaging space, including specialized shielding. Every aspect of your imaging project is considered and addressed.

## Service, Support & Remote Monitoring

Several service and preventative maintenance plans are available that can be customized to meet your service delivery and budget requirements. MXR Imaging offers a cost-effective, ISO certified alternative to the OEM for your CT and MRI service and repair.

## About MXR Imaging

MXR Imaging, Inc. is the largest independent distributor of imaging sales and service in the U.S. As an industry leader, we provide a wide variety of new and Platinum Certified Pre-Owned imaging equipment. Additionally, we offer service support, legacy equipment assistance, equipment relocation, mobile rentals, parts, training, and radiology consumable/durable goods to the healthcare market. MXR possesses an extensive imaging portfolio which includes: CT, PET/CT, MRI, Ultrasound, General Radiology Imaging equipment, and PACS.
